ABOUT ME

I am a recent filmmaking graduate looking to pursue a career of becoming a self-shooting DP, building skills by undertaking editing, shooting and creative editorial positions. Recently progressing in this area with my largest solo project to date "CUS", a feature length sports documentary.

I am ambitious, outgoing and enjoy all forms of sport, particularly boxing. Even competing at the Guildhall ultimate white collar boxing event in 2017 for charity. I am also friendly, easy going and not afraid to make a cup of tea for everyone.
