diploma (Distinction) -
September 2015 to
June 2017

Cleeve Park School - 8
GCSE's from B - C -
September 2010 - June
2015

Personal statement

I am a self motivated filmmaker with a strong work ethic. I love a challenge and always try to find experiences and projects that will push my limits. I have gained a lot of experience working with large teams of people through my course at Plymouth College of Art I believe this has given me the confidence to communicate effectively both with my work and my everyday life.

Previous Film work

Dartmouth Mayflower 400 - In England: The Dartmouth mayflower 400 is a cinema experience that will work alongside the mayflower 400 celebrations around the devon area and overseas. I worked as the cinematographer for the documentary . This was my biggest challenge to date as the film is primarily in a language that I didn't speak.

Sushi Sound - Away: This was my first major music video undertaking and I learnt a lot from this one project. From learning to work with clients, shooting large groups of people and even working with animals this project encompassed a lot of new challenges.

Other relevant experience

Rowhill Grange Hotel &
Utopia Spa - June 2018 -
December 2018:

When working at rowhill grange I was primarily working as part of the wedding team this meant that I would serve food to the guests during the dinner service and then work at the bar after food was served. This role gave me a new level of responsibility as I was a key factor for these couples' big day.
